ExitCertified monitors the IT training industry's high standards annually to ensure we maintain our numerous Authorized and Certified training partner statuses with our brand partners.

What to expect from ExitCertified training

Our brand partners recognize us for our:

Expert instructors

Passionate about their subject matter expertise, ExitCertified instructors possess an expert-level understanding of each of the technologies they teach. On average, an ExitCertified instructor possesses 27 years of IT experience, 17 years of IT teaching and 15 years of consulting. Roughly 97 percent of ExitCertified students are satisfied with the level of expertise their instructors have.

Modern technology

Year after year, ExitCertified students and vendors provide excellent feedback about our flexible delivery formats — especially our Live Virtual platform, which enables students to connect to an instructor-led training remotely.

“The Live Virtual solution creates an atmosphere of collaboration among instructors and students that regularly is missing from remotely hosted training engagements.” —Mark Morrissey, senior director, Cloudera University

Proven credibility

ExitCertified has been delivering vendor-approved instruction since 2001, and we've trained more than 245,000 students and 19,000 companies across North America.

We know you have choices when it comes to IT training. But if resilient, high-demand skills are part of your long-term strategy for success, you need a training partner with award-winning content, expert instructors, modern technology and proven credibility. Keep up with today's technology and enable the full potential of yourself and your organization with IT training from ExitCertified.
