Today, every credible training provider offers live virtual training in addition to the in-person classroom experience. But *delivering* the content is only half the battle. How can you be sure the virtual delivery will be engaging in the moment and that you'll remember it once the course is over?

With ExitCertified's exclusive Live Virtual, the question is answered by the platform itself. Live Virtual gives you the assurance of a high-definition virtual experience that is specifically designed to maximize learner engagement and knowledge retention.

Live Virtual is designed to help learners forget about the technology and focus on the course. Each student receives a high-definition webcam and audio headset to ensure the best possible experience. The result? **In the past year, Live Virtual students have logged over 277,500 hours on the platform**. Plus, the students who use these video tools have reported outstanding satisfaction with their training — giving Live Virtual an average rating of 4.79 out of 5.*

COMPARE LIVE VIRTUAL WITH ANY OTHER VIRTUAL PLATFORM:

1 STATE-OF-THE-ART INFRASTRUCTURE
High-quality, bi-directional video means you get the same instructor-led learning engagement no matter where you're taking your course.

2 DEDICATED PRODUCTION TEAM
Expert instructors are here to focus on teaching, so a dedicated production team works behind the scenes to ensure your vendor-approved content is delivered without a hitch.

3 FULLY INTERACTIVE EXPERIENCE
Live Virtual delivers hands-on labs and two-way video and audio, meaning you can interact in real time with your instructor and classmates.

4 REAL-TIME TECH SUPPORT
Before and during each class, a dedicated technical team monitors connection quality to provide a seamless learning experience for all.

5 TRACK RECORD OF EXCELLENCE
ExitCertified has been refining and improving virtual training since 2012, with Live Virtual serving as the platform of choice for more than 31,000 students in 67 countries around the world.**
