

5 REASONS

to choose ExitCertified for AWS Training

With ExitCertified, you receive vendor-certified AWS training.

1

Experienced in real-world practice and in teaching

ExitCertified has the largest team of instructors delivering advanced AWS classes in North America, and the deepest bench of instructors delivering the entire authorized AWS catalog. On average, ExitCertified instructors have 17 years of experience delivering classes and 27 years of practical experience in IT.

2

High-quality authorized AWS training from an AWS Advanced Training Partner

AWS designates its highest status to only those few training partners that have consistently delivered the highest quality experience for learners. In 2021, students rated ExitCertified's AWS training 4.69/5.

3

The largest Guaranteed to Run schedule of AWS courses in North America

ExitCertified has delivered more than 3,200 AWS courses since 2014.

4

Training where you want

Obtain training from your home or office via the internet, or for learning in-person, in your office or in one of our centers in the U.S. or Canada.

5

AWS Extended Lab Environment

Students have access to the classroom lab environment for three months.
