

Amazon Web Services Certification

Create better business outcomes with Amazon Web Services training and certification. Let ExitCertified show you how.

ExitCertified is an official AWS Training partner for the North American region, providing Amazon Web Services (AWS) training courses. We can guide you through every step of your journey toward AWS certification with a learning path that's relevant to you and your organization so you can get more out of the cloud.

Increase your business outcomes faster

As more and more corporations move all or part of their IT infrastructure into the cloud, organizations are acknowledging the importance of IT professionals who are certified in the AWS platform. Whether you are just starting out, building on existing IT skills or sharpening your cloud knowledge, AWS training can teach you how to best leverage all of the AWS features so you can create better business outcomes faster, accelerating your career.

The path to AWS certification

The training journey starts with the introductory-level AWS training followed by associate- and advanced-level courses, depending on the AWS certification you choose. You can also opt for additional specializations:

Foundational	Associate	Professional	Specialty
AWS Certified Cloud Practitioner	AWS Certified Solutions Architect	AWS Certified Solutions Architect	AWS Certified Security
	AWS Certified SysOps Administrator	AWS Certified DevOps Engineer	AWS Certified Big Data
	AWS Certified Developer		AWS Certified Advanced Networking
			AWS Certified Machine Learning
			AWS Certified Alexa Skill Builder

Learn AWS your way

With ExitCertified, you get access to AWS courseware in the way that best suits your needs—whether it's through in-person courses, virtual classroom or a private session at your location. Learn from award-winning instructors and acquire the skills to benefit your organization and your career in a way that fits your learning style.

Resell AWS training courses

If your role is to provide your customers with technology or training, you can resell any of these courses. We'll help you manage your customers' AWS certification journey and define course delivery and customization.
