To ensure maximum value from your time and training budget, ExitCertified takes into account every course and certification. When you enroll you can expect:

### One contact for all your IT training

As a recognized training provider for dozens of leading vendors, our course content stems directly from the creators of the products you rely on.

### Access to more than 9,500 courses

From just one course to an entire certification pathway, ExitCertified offers a flexible range of learning options. And if you're not sure which courses fit with your career goals, we can help you build your learning plan. No matter your training goals, you can maximize your budget by locking in prepaid discounts annually through our Flex Account.

### Free support after your course is done

Once your classes end, ExitCertified offers eMentoring for follow-up questions. All you have to do is email us and our instructors will provide clarification.

### Learn from award-winning, certified instructors

Every ExitCertified instructor is recognized among the IT industry and must complete a full certification process to teach any class. Beyond qualification, each instructor is observed and evaluated weekly. When you learn from ExitCertified's instructors, you can trust they've earned the approval of our vendors and our customers alike.

### Uncompromising quality

We consistently observe classes and pay close attention to evaluations from our learners. We're committed to ensuring that everything we do—course content, instruction, labs and even after-class support—meets or exceeds the expectations of our vendors and customers. That's one reason we've repeatedly placed among the [Top 20 IT Training Companies](#) ranked by TrainingIndustry.com.
