

# HDS - Operating and Managing Hitachi Content Platform v9x â TCI2743

---

<b>Code:</b>	HDS-TCI2743
<b>Length:</b>	0 days
<b>URL:</b>	<a href="#">View Online</a>

---

This course provides an overview of the Hitachi Content Platform (HCP) functionality, concepts, architecture, and processes such as data ingestion, search, and replication. You will complete numerous hands-on lab activities designed to build the skills necessary to deploy, administer, configure, and integrate the key software products for HCP solutions. This course prepares you for the following Hitachi Vantara Qualified Professional qualification test: Hitachi Vantara Qualified Professional - Content Platform administration (HQT-6420) Depending on the location and course delivery format, this closed-book, proctored qualification test may be offered and administered by the instructor at the conclusion of this course, using the Kryterion Webassessor system. It is also available at Kryterion testing centers.
