

Oracle E-Business Suite Learning Subscription

Code: EBS-LS
URL: [View Online](#)

One year of access: The Oracle E-Business Suites Learning Subscription is an all digital, complete learning subscription for anyone on your team seeking Oracle E-Business Suite training. Learn all about your Oracle E-Business Suite solution, including an in-depth look at the architecture, core components, business transactions, process flows, functionality, integration points, installation, configuration, and upgrading. It will also be dynamically updated to include the latest strategy, roadmaps, features, and capabilities. Hands-on labs are included so you can practice what you learn.

Skills Gained

- Take advantage of the latest strategy and roadmap for E-Business Suite
- Leverage the latest E-Business Suite features
- Upgrade your applications using best practices
- Enable Oracle Cloud solutions to coexist with E-Business Suite
- Integrate your applications with other business systems using best practices
- Understand the integration points of your applications with other E-Business Suite applications
- Install, patch and maintain Oracle E-Business Suite
- Effectively control security, monitor your system, and handle day-to-day system administrator tasks for your applications
- Use the Oracle Application Framework to extend your applications
- Configure your applications to meet your business objectives
- Complete business transactions and processes using the application
- Create and generate reports within your application
