Enable your business transformation to the cloud with an Oracle Integration Cloud Services Learning Subscription. This learning subscription is an all-digital solution for cloud developers and data modelers seeking training on Oracle Integration Cloud. The training in this learning subscription is designed to extend your existing skillset to the cloud by leveraging use cases based on real world examples and practical applications. You get 24/7 access to a comprehensive set of learning paths, high quality training videos, and hands-on labs delivered by Oracle experts for 12 months. This learning subscription also includes certification exams. Passing an exam validates your skills and awards you with an industry recognized Oracle credential. Stay Current: This learning subscription provides a continuous learning experience that accommodates your evolving training needs. And as your Oracle Integration Cloud Services are enhanced with each new product release, training in this learning subscription is updated along the way to help you keep pace with the changes. Your Learning Subscription Includes:

- Learning Paths by 'Job Role', by 'Cloud Service', and by 'Use Case'
  - Courses
  - Hands-on labs using live cloud environments
  - Certification Exams
-
