The Oracle Express CPQ Cloud Learning Subscription is a complete learning subscription designed for administrators and implementers. It also provides developers with a functional understanding of the application when there is a need to build complementary functionality around the boundaries of the application. This subscription features training videos that provide overviews, administrator walkthroughs and demonstrations to help you get up and running quickly with your Oracle Express CPQ Cloud application. Learn how to leverage your application to select the right products and price them accurately, create proposals instantly, and streamline renewals. This all digital offering is available 24/7, and it will be updated for new features, so now you have access to the latest product information.
