

Red Hat Learning Subscription for Developers (LS300) (NA)

Code: LS300
URL: [View Online](#)

Red Hat® Learning Subscription for Developers provides access to a selection of developer focused online training content in a single, annual subscription. The subscription includes on-demand, self-paced learning resources—such as videos, e-books, hands-on labs, and exams. Learn from the same high-quality content of a classroom setting with added flexibility and 24x7 access.

With this subscription you use an intuitive, user-friendly interface that helps you track your progress towards training and certification goals. With this portal, you can take control of your learning paths and build them to meet your business and training needs. Take the training you need to solve those difficult business challenges.

You will receive:

- One year's access to all Red Hat Developer focused courses
- A single sign-on training module for each student
- 100 hours of cloud-delivered, hands-on lab time
- Access to Video Classroom offerings
- Ongoing access to new and updated courses
- Access to select exams within the learning paths

Who Can Benefit

Red Hat Learning Subscription for Developers spans a variety of different Red Hat Developer focused technologies, such as OpenShift and Application Development. This subscription is ideal for all levels of IT professionals committed to bridging their skills gap.

Prerequisites

Refer to the prerequisites of individual courses to determine if a course is right for you.
