

## SAP Live Access (60 hours)

---

**Code:** HUB360  
**URL:** [View Online](#)

---

- The SAP Live Access HUB360 gives access to live, preconfigured training system environments to practice and build SAP software knowledge and skills via the SAP Live Access Portal.
- The system environments are tailored to support the corresponding training courses and allow exploration beyond the scope of a course.

## Skills Gained

- Practice SAP software knowledge and skills with training course exercises.
- Explore training systems in a learning-by-doing fashion.
- Get hands-on experience in real SAP system environments.
- Learn wherever and whenever you want in a self-paced way.

## Who Can Benefit

- SAP Professionals
- SAP Consultants (Application, Technology, Development, Business Process)
- Customer COE and IT members, SAP Administrators, SAP Project Team members
- Business Process Owner/Team Leader, Business User, Power User, Business Process Architect

## Prerequisites

SAP Live Access is available as an additional purchase option for subscribers of SAP Learning Hub to gain hands-on practice. All subscribers of any of the following editions of SAP Learning Hub, private or public cloud version, are eligible:
