

Exam Readiness: AWS Certified Security - Specialty

Code: AWS-CSS
Length: 1 days
URL: [View Online](#)

The AWS Certified Security Specialty exam validates technical skills and experience in securing and hardening workloads and architectures on the AWS platform. Attendees with two or more years of hands-on experience designing and deploying cloud architecture on AWS should join this half-day, course to learn how to prepare and succeed in the exam. We will help you prepare for the exam by exploring the exam's topic areas and mapping them to specific areas to study. We will review sample exam questions in each topic area, teaching you how to interpret the concepts being tested so that you can better eliminate incorrect responses.
