IBM Maximo V7.6 - Advanced Deployment Professional Bootcamp

Code: U5TRMAXG
Length: 5 days
URL: [View Online](#)

The course is designed to enable administrators of IBM Maximo asset management to deploy, implement, support and maintain an IBM Maximo asset management solution for customers.

The course imparts in-depth knowledge on installation, configuration, troubleshooting, securing and optimizing a single instance as well as clustered implementation of IBM Maximo and all of the supporting components. Extensive hands-on lab exercises will reinforce the learned concepts, as well as prepare participants to achieve IBM credentials.

- Unit 1: Maximo asset management product overview
- Unit 2: Maximo Asset Management Planning
- Unit 3: Installation
- Unit 4: Configuration
- Unit 5: Security
- Unit 6: Administration & Performance

Sample certification test, Q&A

Note: All units will be followed by extensive lab exercise.

Instructor skill level: Advanced
Student skill level: Intermediate
