

# Recorded Webinar: ForgeRock® Client SDKs for JavaScript, Android, and iOS

---

**Code:** FR-541-Free-Preview  
**URL:** [View Online](#)

---

Participants will receive a technical introduction to ForgeRock's JavaScript, Android and iOS SDKs and where they fit into the ForgeRock Identity Platform. Additionally, participants will learn about the content of the three days SDK class offered by ForgeRock University.

- How the SDKs interact with ForgeRock Access Management
- Integration of ForgeRock SDKs into JavaScript, Android, and iOS applications
- The SDK's role in a zero-trust approach
- Using transactional authorization, and WebAuthN

---

Refer a friend or colleague and get up to \$100 Amazon gift card\* — when they book training!
